

Arabtec Construction, L.L.C.
BRIEF PROFILE

Why Arabtec

Arabtec Construction LLC is a UAE based company established in 1975.

As the largest subsidiary of Arabtec Holding (a public company listed on DFM - the Dubai Financial Market), Arabtec Construction LLC (Arabtec) has completed numerous projects including but not limited to; High Rise Developments, Hotels and Hotel Interiors, Residential Complexes, Office Blocks, Commercial and Industrial Projects, Major Airport Developments, Stadiums, Infrastructure and Drainage works, Offshore Oil and Gas Installations, Residential Complexes, including the largest communities in Dubai such as The Emirates Hills, The Arabian Ranches and The Silicon Oasis.

With a current workforce in excess of 52,000 people and a backlog in excess of \$7.7 Billion (28.2 Billion UAE Dirhams) in booked work, Arabtec is clearly the leading contracting company in the UAE, and one of the top five in the GCC.

In the past few years Arabtec has diversified geographically and started working in other countries such as Qatar, Jordan, Syria, Pakistan and St. Petersburg in Russia, and most recently in Saudi Arabia.

Some of Arabtec's well known projects in Dubai are; the Burj Dubai, the Fairmont Hotel, 21st Century, Al-Fattan towers, Jumeirah Beach Resort towers as well as the fit out of Burj Al Arab, Jumeirah Beach Hotel and the Ritz Carlton . In Abu Dhabi, Arabtec built the Conference Palace Hotel, the new Exhibition Center for ADNEC and the ADIA buildings. Overseas, Arabtec is building the 4.5 Billion Q.R. Al Waab "city-within-a-city" in Doha, the Okhta Tower in St. Petersburg, the Karachi Financial Centers in Pakistan, the Abdali Heights towers in Amman, the 8th Gate in Syria, and part of a very large University in Riyadh.

Because of our commitment to providing high quality work, on-time and within budget, our client base continues to grow and most of our large clients like Emaar, Dubai Properties, Nakheel, etc. repeatedly award work to Arabtec.

Arabtec Plant Department's fleet is amongst the largest in the area, with the latest construction equipment backed up by highly qualified and professional teams who continuously monitor, service and maintain these equipment.

Arabtec follows stringent Health and Safety regimes in addition to the Quality and Environment procedures. Arabtec is ISO 9001:2000; Quality Management System (QMS) certified, ISO 14001:2004; Environmental Management System (EMS), and OHSAS 18001:2007; Occupational Health & Safety Management System certified by the Lloyds Accreditation Agency. We believe that Arabtec is one of the very few construction companies in the region which is fully certified in all three areas.

Arabtec Holding PJSC, which became publicly listed in 2004, and is traded under the symbol "ARTC" on the Dubai Financial Market, is the parent company of Arabtec Construction LLC. It is worth noting that Arabtec - the first privately held company to go public as well as the first construction company to go public in the UAE - has increased its turnover more than five folds over the past four years to 8 Billion Dirhams (or US\$ 2.2 Billion).
